Special

The Fixture Circle

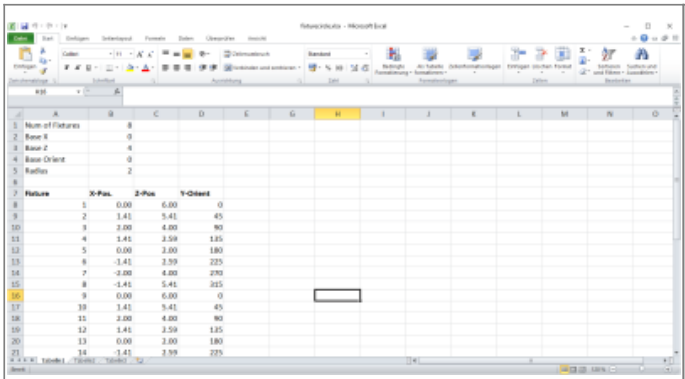
Idea: https://www.facebook.com/groups/Avolites/permalink/1848601835272042/

How to arrange your fixtures like on a circle truss:

- download

fixturecircle.xlsx

- open it in MicroSoft Excel
- enter base values (number of fixtures, Base X/Bas Z as center of the circle, base orientation a how your fixtures would be orientated normally
- the cells below show the values for X-Pos, Z-Pos and Y-Rot. Enter them as capture values. Your fixtures are now arranged in a circle.



Excel Spreadsheet

fixtures arranged in a circle
