Example

Cuelist - Set Me At Full

by:	Alex del Bondio, Mar 2020
published:	here
description:	automatically pull the cuelist fader at 100%

go, cuelist, cue

This macro wil put the fader of a cuelist to full regardless of its previous position.

functions

- Playbacks.SetPlaybackLevel

Code

setmeatff.xml

```
<?xml version="1.0" encoding="utf-8"?>
<avolites.macros>

  <macro id="adb.macros.SetMeAtFF" name="Set Me @ FF">
    <sequence>
      <step>Playbacks.SetPlaybackLevel(this, level:1)</step>
    </sequence>
  </macro>

</avolites.macros>
```

Explanation

This explains the functional steps within the sequence. For all the other XML details please refer to Formats and syntax

- `Playbacks.SetPlaybackLevel` sets a playback to a certain level
- `(this, level:1)` references to the cuelist the macro is triggered from and determines the level to set the fader to (1=100%)

How to use it

1. make this macro available
