

Titan Property

# Timecode.TimecodeOne.Source

<b>API</b>	<a href="https://api.avolites.com/12.0/Timecode.TimecodeTwo.Source.html">https://api.avolites.com/12.0/Timecode.TimecodeTwo.Source.html</a>
<b>description</b>	menu property identifying the timecode 1 source
<b>Namespaces</b>	<a href="#">Timecode.TimecodeOne</a>
<b>type</b>	<a href="#">AcwTimecodeSource</a> (happens to be an <a href="#">Enum</a> )

Nowadays there are four timecodes available in Titan, and the same properties are available for [Timecode.TimecodeTwo](#), [Timecode.TimecodeThree](#) and [Timecode.TimecodeFour](#).

## example

```
<step>ActionScript.SetProperty.Enum("Timecode.TimecodeOne.Source",  
"Winamp")</step>
```

This sets TimecodeOne.Source to “Winamp”.

## used in

- [Timecode - Set starttime to livetime and toggle source](#)
- [Timecode - Winamp Tracks](#)
- [Timecode.TimecodeOne.SetSource](#)
