Group Master

This is a user contributed shape and only available with the modified shapefile.

Group	I
Pattern	Reduce
Description	sets Dimmer to 0
submitted by	Alex del Bondio
Date	Oct. 2017

This is based on an idea niclights shared in the forum:

> Record a cue with this at 100% and size on fader. Raising this fader will proportionally reduce any values of the associated fixtures. Possible uses include on-the-fly adjustment of intensities by fixture group/type, killing fixtures or groups of fixtures temporarily or even variable playback swop masters.

```
<Shape ID="186" Name="Group Master" Group="I">
  <Function ChannelID="Dimmer" PatternID="Reduce" Amplitude="1000"
Phase="0" Speed="0"/>
</Shape>
```
